PRESIDENT'S WELCOME

The Rose Society of NSW invites you to attend the 2021 National Rose Show, social activities and lecture series. The Kiama Pavilion and the Kiama Shores Motel are both located by the sea with beautiful views over the beach. Many cafes and restaurants line the streets with a short walking distance to many of the great sights of Kiama such as the famous Blowhole.

The Rose Society of NSW Inc has nine Regions under its umbrella, and each brings its own character and enjoyment of the roses grown across the State. Many of the members of these regions exhibit their roses at the various rose shows organised in NSW.

The whole of the Kiama Shores Motel has been booked for the delegates and visitors to the Rose Championships and Conference and is about 10 to 15 minutes-walk to the Pavilion. A minibus will be organised to take those who find the walk difficult to and from the Motel.

The lecture series will have the theme of an ecologically friendly way of managing our rose gardens and the impact of climate change. We are privileged also to have David Kenny a highly regarded rose breeder from Ireland able to come to deliver one of the lectures for us. Caz Owens from Brisbane will speak on organic rose growing and Kelvin Trimper from Adelaide on managing our rose growing in time of climate change. Judith Little is also a well regarded Floral Artist who will demonstrate the art on Sunday afternoon.

We are grateful to the NSW Government through Destination NSW, and Destination Kiama, as well as Kiama Council for their generous sponsorship of this event.
