Chairman's Message

Firstly, congratulations to Doug and Glynis Hayne on receiving the Bert Mulley Memorial Award for exceptional contribution to the Rose Society of NSW Inc. over 28 years. The Regional and I nominated them for the award earlier in the year. The award was presented to Glynis by President of NSW Rose Society, Colin Hollis. Glynis accepted on behalf of Doug, who, many of you are aware of is receiving chemo therapy drug treatment for an auto immune disease called Vasculitis and is quarantined at home. Their citations can be found further in the newsletter and as you can see it is quite extensive and the award well deserved.

Congratulations to Glynis who was presented with her Horticultural Judges Badge by Cecily Rogers OAM - Convenor of the Royal Horticultural Society's Judges.

However, over the past couple of months we have had the NBMH, Sydney, Macarthur, Illawarra and UNSH Shows, where our members who exhibited had quite a bit of success. There are some photos and a full copy of the NBMH Results further in the newsletter.

I would like to thank Richard and Ruth Walsh for the excellent exhibition of Australian Bred Roses at our Show in October. Not only did they put a lot of work into the exhibition which was a first at a Regional Show (thanks to Doug's idea on promoting Australian

Bred Roses), but they also had quite a bit of success with their own Australian Bred Roses taking home the Grand Champion Unit in Show with a s Shrub of *Mardi Gras Parade* and four other Champion Ribbons. Congratulations Richard and Ruth and thank you once again.

Congratulations to Robyn Doyle who took out the Best NBMH Regional Unit Award and first time and new member Angelina Rusten who took out the Champion Flower Award with a vase of Arum Lillies

Thank you to our members and friends who put so much work into making the Show a success. We had at least 100 at the presentation. We had six of the nine Regionals' exhibitors respresented at our Show - that was a terrific effort. Our judges were - Steve Maher, Mark McGuire, Glynis Hayne, Samantha Harper and Ken Smith.

A thank you to Editor of the Nepean Rose News, Mrs Kerrie Davies, who not only kindly published our Show information but also Officially Opened the NBMH Spring Show for 2019.

We also thank St Dominic's College for hosting our show and especially the staff who opened and closed the building for us.

We welcome new members Evelyn Case, Ruth Clarke and Enith Zappala, Bob Westcott and Lyn Westcott to the Regional.

Evelyn is a new exhibitor and won the Champion Novice Ribbon at the Macarthur Show. Congratulations, Evelyn.

At our meeting on Saturday, Samantha Harper and Ken Smith will once again demonstrate a small Christmas table decoration which will be copied by each member in attendance and again will be taken home as a gift from the Regional. This is at no cost to you - you are only required to bring along a pair of secateurs and a pair of scissors to cut your items. Following the meeting we will celebrate the Christmas Season with a Christmas Lunch.

As you may be aware, we take a break from meetings in January and at our February

meeting being the first for 2020 we are indeed very pleased to have Jim Cunningham - long time member of Sydney Regional who will be demonstrating "How to Graft or Bud" a rose.

In March, Kim Hamilton who owns a Cactii and Succulent Nursery in Cranebrook will be our guest speaker.

If you are suffering ill health at present, we hope that your health improves and look forward to seeing many of you in the new year.

Wishing all members and friends a very Merry and Blessed Christmas and a Safe, Healthy and Happy 2020.

Jeff

Cultural notes for December/January

For the next couple of months with the hot weather and summer storms, disease will run rampant and you will find little nasties like red spider mite and the hibiscus beetle damaging your foliage and flowers.

Continue your spray program every ten days. Do not spray on days expected to be over 30 degrees and definitely do not use oil in your sprays on expected hot days. If you do you will burn your leaves and especially your new growth. Sprays for various pests can be found at nurseries, produce and hardware stores and ensure you follow the manufacturers' instructions.

This is also a time you will find that should your roses not have good foliage coverage they will also suffer sunburn which you will notice as browned off sections on your stems especially at the base of the bush.

Due to water restrictions it will be difficult to keep the garden in good condition. Water saving tips such as using a bucket, mulching etc. should be taken into consideration. If you can water deeply at least twice a week and if you have roses in pots a daily watering in the early morning will allow the roses to take up moisture enough to keep them through the hot day. If you can try to protect your pots with e.g. placing something in front of them to take the sun off them directly. This will help the pots not only overheat but won't dry out very quickly.

A monthly handful of Sudden Impact for roses is recommended. Mulching will keep your moisture in. Continue to dead head. Flowers at this time of the year will be smaller as the buds develop very quickly with the warmer weather.

Happy rose growing!!!!
