Jumbo Plant Sale held on Sunday 20th September

UNSH raised \$400 from the Jumbo Plant Sale that was continued on the Neutrog Collection Weekend. Thank you to all who sold and prepared plants and buyers!

UNSHkin, Rebekah Jackson (nurse/artist) brought her original artworks to sell at the Jumbo Plant Sale. Gouche paint on cartridge paper (Half A4 size). Ladybirds are the rose gardeners best friend as they eat the pesty aphids that are sometimes found on our roses. She was telling us on Sunday, about the large amount of aphids that had found her 'Duchess de Brabant' rose. Then she saw above some little insects. When she looked closely there were orange, yellow and red ladybirds coming in for breakfast! A fabulous Christmas or birthday present. Each ladybird is individual. They sell for \$40. If you are interested in purchasing some, contact UNSH. A percentage of the proceeds will be donated to UNSH Regional.

Braidan's Stall

Braidan, an UNSHkin friend, from Southern Sydney Regional brought roses he had grafted, succulents he had propagated and worms! Thank you for spending the day with UNSH. Also in the background keeping social distance is Judy on the left and Paul on the right. We had to bring the stalls under the carport due to the initial rain. Wonderful to have an inter-regional relationship.

Thanks Braidan!

The Jumbo Plant Sale plants unsold in September were on sale on the Neutrog collection weekend in September. Thank you to Peter Buttigieg who greatly contributed to the sales! We were also able to sell 'Softie' roses that from the UNSH Rose Show in November. There are about 6 left if you would like to purchase this lemon rose climber.

Judy brought a huge amount of propagated plants, cuttings, bulbs, jam and posies of her garden flowers.

Great effort ! Thank you for donating all monies raised to UNSH.

Above left: UNSH Junior member, Jordan came to help his mum, Victoria.

They both did a great job and have been very busy propagating!
