Notes Supporting the Schedule

1. Australian Bred Roses are to be marked with a sticker
2. Cultivars: Where there is more than one stem or cut to a vase, they shall be of the same cultivar unless otherwise stated in the Schedule. All cultivars should be named
3. Stem: Original new growth which carries a single bloom or bud and has received no check from pinching, stopping, or pruning from the time of starting into growth to flowering. Disbudding is not regarded as a check to growth under this definition. The stem should be proportionate in thickness and length to the size of the bloom it supports
4. Cut: A cut is a stem that carries more than one bloom and/or bud(s)
5. Bloom: A bud is considered a bloom when one or more of the petals has started to unfurl
6. Same Cultivar: All stems are of the same rose variety
7. Distinct: To be of a different Cultivar
8. NND: Not necessarily distinct, ie. a combination of cultivars may be used eg. two or more of the same can be used, or they can all be different
9. Floral Foam: Can be used in all containers but must not extend past the top of the container. Foam should be in line with the end of the vase and stems should be able to be counted by the judges.
10. Exhibition Roses: Single flowered roses are not exhibition roses even though they are classed as Hybrid Tea. Usually shown as Decorative Roses.
11. Bunch Roses (large flowered Hybrid Tea): Roses are to be shown in single stems to the specified number per vase. A vase should have good length of stem and good foliage, blooms should be uniform in size and at an even stage of development usually half open.
12. Modern Decorative Roses: Any number of buds or blooms per cut or stem is allowed. Blooms or buds may be at any stage of development. This class also includes Single Roses, ie. a rose which consists of 4 to 8 petals eg. Altissimo, Pink Angel
13. Miniature Roses: Units displaying all stages of development are preferred, unless otherwise stated in the class. Exhibition, Bunch, Bud to Full Bloom, and Full Bloom classes will be judged in accordance with the requirement of the corresponding class of the traditional large roses.
14. Floribunda Roses: only roses that have been registered as Floribunda Roses
15. Full Bloom Roses: Full bloom stem should be fully opened with fresh pollen and be free from blemish.
16. Bud to Full Bloom: represents a rose of the same cultivar at four stages of its development and shall consist of four stems and shown as designated HT, Miniature or Miniflora

17. **Presentation:** The exhibit should be gracefully balanced for size, height, width and colour combination. The flowers and foliage should be artistically arranged to avoid either crushing or excessive gaps and without exposing such expanses of stem or foliage that the flowers are not the dominant feature of the exhibit.
18. **Information for Exhibitors:** Staging and judging to be in accordance with the Rose Society of NSW Show Regulations.

General

19. A unit shall consist of one vase. An exhibit shall consist of one or more units.

20. Tied stems in a multi-stemmed unit are not permitted. The unit will be disqualified.

21. One point will be deducted for each and every pellet left in the exhibit; 3 or more pellets will disqualify the exhibit irrespective of whether the 3 or more pellets are found in one or more units within an exhibit. With classes comprising a number of units within the exhibit then it follows that no unit within that exhibit shall be eligible for an award if the rules have been infringed in any way. Units within a multiple unit exhibit that are found to have a pellet are not eligible for a Champion award.

22. It shall be the exhibitor's responsibility to ensure that the number of stems or cuts at the top of the container can be counted by the judge and are not obscured by the packing material.

23. Wiring is not permitted.

24. Oasis may be used as a packing material provided that: (a) it is provided by the exhibitor at no cost to the Society, and (b) that it does not protrude above the top of the container.

25. A bud is the unexpanded stage of a rose flower with no petals unfurling. In the Bud to Full Bloom exhibit, colour must be showing.

26. All roses exhibited in a competition shall be from plants that have been grown by the exhibitor for at least 3 months immediately preceding the competition.

27. All society members of the one residence and the children of that residence must exhibit at the grade of the highest graded Society member that residence.

28. Exhibitors shall permit such persons as may be appointed by the Committee to view their gardens either prior to or after any show.

29. Exhibits must not be sprayed after being placed on the show bench nor may they be removed or replaced without permission of the Chief Steward/Show Manager.

30. A classified exhibitor may give verbal advice to another exhibitor but shall not physically assist in the preparation or staging of any exhibit other than his or her own.

31. Standard containers for all cultural classes will be provided and they, or the same type, must be used. If not used, the unit will be disqualified, unless otherwise stated in the schedule.

32. If an exhibitor is unable to stage his or her roses for any reason, permission may be given for an exhibitor of the same grade to stage on his or her behalf.

33. Appeals from exhibitors can be lodged free of charge to the Chairman of Judges of the days within one hour after completion of judging.
