Notes Supporting the Schedule

1. **Australian Bred Roses:** are to be marked with a sticker unless name card has one on it.
2. **Cultivars:** Where there is more than one stem or cut to a vase, they shall be of the same cultivar unless otherwise stated in the Schedule. All cultivars should be named.
3. **Bowls:** Bowls will be provided by Society. Refer to copy of Show Regulations (included)
4. **Stem:** Original new growth which carries a single bloom or bud and has received no check from pinching, stopping, or pruning from the time of starting into growth to flowering. Disbudding is not regarded as a check to growth under this definition. The stem should be proportionate in thickness and length to the size of the bloom it supports.
5. **Cut:** A cut is a stem that carries more than one bloom and/or bud or buds.
6. **Bloom:** A bud is considered a bloom when one or more of the petals has started to unfurl.
7. **Same Cultivar:** All stems are to be of the same rose variety.
8. **Distinct:** To be of a different Cultivar.
9. **N.N.D.:** Not necessarily distinct, i.e. a combination of cultivars may be used – e.g. two or more of the same can be use or they can all be different
10. **Floral Foam:** Can be used in all containers but must not extend past the top of the container. If used, it will be at the exhibitor's own expense. Foam should be in line with the end of the vase and stems should be able to be counted by the judges.
11. **Exhibition Roses:** See copy of Show Regulations (included) – Single flowered roses are not exhibition roses even though they are classed as Hybrid Tea. Usually shown as Decorative Roses.
12. **Bunch Roses** (Large flowered hybrid tea): Roses are to be shown in single stems to the specified number per vase. A vase should have good length of stem and good foliage, blooms should be uniform in size and at an even stage of development usually half open.
13. **Modern Decorative Roses:** Any number of buds or blooms per cut or stem is allowed. Blooms or buds may be at any stage of development. This class also includes Single Roses, i.e a rose which consists of 4 to 8 petals e.g., Altissimo, Pink Angel
14. **Miniature Roses:** Units displaying all stages of development are preferred, unless otherwise stated in the class. Exhibition, Bunch, Bud to Full Bloom, and Full Bloom classes will be judged in accordance with the requirement of the corresponding class of the traditional large roses.
15. **Floribunda Roses:** in this Schedule, only roses that have been registered as Floribunda Roses are to be shown in Classes 11AB, 30C, 36ABC/AUS
16. **Grandiflora Roses:** in this Schedule, only roses registered as Grandiflora are to be shown in classes 22ABC, 23ABC, 24ABC, 37ABC/AUS
17. **Full Bloom Roses:** Full bloom stem should be fully opened with fresh pollen and be free from blemish.
18. **Bud to Full Bloom:** Bud to full bloom represents a rose of the same cultivar at four stages of its development and shall consist of four stems and shown as designated HT, Miniature, Miniflora or Grandiflora
19. **Presentation:** The exhibit should be gracefully balanced for size, height, width and colour combination. The flowers and foliage should be artistically arranged to avoid either crushing or excessive gaps and without exposing such expanses of stem or foliage that the flowers are not the dominant feature of the exhibit.

20. **Old Garden Roses or Modern Roses (that cannot be displayed in other show classes):** To assist members in staging roses in the appropriate class the following list of roses is provided. If you are unsure of the class applicable to any of your roses please contact the Show Secretary who will assist.
