

Hunter Valley Rose News

The Rose Society of NSW Inc

4/18/2020

Fortnightly Profile – April 2020

Thankyou to members sending in photo's and stories. Keep them coming. You may get some ideas of roses you wish to plant.

Thankyou to Tracy Whyte (our Chairman) for the following:

Black Velvet

Vigorous free flowering rose with very fragrant large semi double red blooms on long stems. Disease resistance. These roses are very special to me as I buy a red rose plant every year for the memorial of my mother who always loves roses.

Ebb Tide

Swane's Modern Heritage. So mysterious in its colour and so powerfully perfumed. Dusky smoky deep purple colour is one of my favorites. Ebb Tide has been in a pot for over 10 years and has always

brought me joy with its cluster of blooms on one stem. Disease resistance and plant grows 110cm in height.

Gold Medal

Hybrid Tea Rose. Long pointed buds open to fragrant double deep golden yellow blooms. Currently this one grows perfectly in a pot and flowers are very different to the one I have in the ground.

This rose is from Victoria Swan's garden. (Past member)

For your stock of Neutrog please contact Geoff Johnson on ph:49372635. Stay home, enjoy your garden, stay well.

Governor Macquarie Rose –Signature Rose of the Hunter Valley Regional Rose Society

Members of the Hunter Valley meet on the second Saturday of the month at 1.30 p.m.

All meetings cancelled until further notice.
