4. **Stem:** Original new growth which carries a single bloom or bud and has received no check from pinching, stopping, or pruning from the time of starting into growth to flowering. Disbudding is not regarded as a check to growth under this definition. The stem should be proportionate in thickness and length to the size of the bloom it supports.
5. **Cut:** A cut is a stem that carries more than one bloom and/or bud or buds.
6. **Bloom:** A bud is considered a bloom when one or more of the petals has started to unfurl.
7. **Same Cultivar:** All stems are to be of the same rose variety.

32. Appeals from exhibitors can be lodged free of charge to the Chairman of Judges of the days within one hour after completion of judging.

## CLASSIFICATIONS

33. For the purpose of exhibiting roses, a rose shall be judged according to the classification given to it in the latest version of Modern Roses. In the event of a rose being **unclassified** the Judges Panel of the Rose Society of NSW Inc. shall make recommendations to State Council as to where they feel that rose is most appropriately placed. If you are not sure of the classification of your rose and it is not on this list please contact me – Glynis -[nbmhregional@gmail.com](mailto:nbmhregional@gmail.com) and I will endeavour to find its correct classification.

**These are the classification of the Registered Roses in Modern Roses that we use for Judging Classes. Please note that if you put the incorrect rose in a Class you will be disqualified.**
