With classes comprising a number of units within the exhibit then it follows that no unit within that exhibit shall be eligible for an award if the rules have been infringed in any way. Units within a multiple unit exhibit that are found to have a pellet are not eligible for a Champion award.
20. It shall be the exhibitor's responsibility to ensure that the number of stems or cuts at the top of the container can be counted by the judge and are not obscured by the packing material.
21. Wiring is not permitted.
22. Oasis may be used as a packing material provided that:
 - (a) it is provided by the exhibitor at no cost to the Society, and
 - (b) that it does not protrude above the top of the container.
23. A bud is the unexpanded stage of a rose flower with no petals unfurling. In the Bud to Full Bloom exhibit, colour must be showing.
24. Bowls provided by the Society shall be 10cm florist bowls for Miniature roses and 15cm florist bowls for others. They shall contain a mini-block of Oasis. Any offending unit shall be disqualified. Bowl exhibits shall be allowed a space of 30cm overall diameter. Arrangements can contain buds, foliage and heps (if desired), and will be viewed all round. Bowls are judged as follows:

Condition 3 points	Overall Beauty 3 points
Presentation 2 points	Foliage 2 points
25. All roses exhibited in a competition shall be from plants that have been grown by the exhibitor for at least three months immediately preceding the competition.
26. All Society members of the one residence and the children of that residence must exhibit at the grade of the highest graded Society member of that residence.
27. Exhibitors shall permit such persons as may be appointed by the Committee to view their gardens either prior to or after any show.
28. Exhibits must not be sprayed after being placed on the show bench nor may they be removed or replaced without permission of the Chief Steward/Show Manager.
29. A classified exhibitor may give verbal advice to another exhibitor but shall not physically assist in the preparation or staging of any exhibit other than his or her own.
30. Standard containers for all cultural classes will be provided and they, or the same type, must be used. If not used, the unit will be disqualified, unless otherwise stated in the schedule.
31. If an exhibitor is unable to stage his or her roses for any reason, permission may be given for an exhibitor of the same grade to stage on his or her behalf.
32. Appeals from exhibitors can be lodged free of charge to the Chairman of Judges of the days within one hour after completion of judging.

CLASSIFICATIONS

33. For the purpose of exhibiting roses, a rose shall be judged according to the classification given to it in the latest version of Modern Roses. In the event of a rose being **unclassified** the Judges Panel of the Rose Society of NSW Inc. shall make recommendations to State Council as to where they feel that rose is most appropriately placed. If you are not sure of the classification of your rose and it is not on this list please contact me – Glynis -nbmhregional@gmail.com and I will endeavour find its correct classification.

These are the classification of the Registered Roses in Modern Roses that we use for Judging Classes. Please note that if you put the incorrect rose in a Class you will be disqualified.
